For these reasons, Mr. Cowlishaw petitions the court to continue the time for the hearing of his case.

THE CITY OF BOYS, GLOBE THEATRE NEXT WEEK

In a great film story entitled "The City of Boys," Judge Willis Brown is continually doing things. He is working out the problem of human culture. He is dealing with the problem of child development from fundamental, rather than sentimental, points of view.

Judge Brown's reputation in organizing the anti-cigarette forces, resulting in the prohibitive legislation in several states, is too well known to make mention of it here.

Judge Brown went east to engage in his life work on a larger scale, his aim being to make it national. His present home is in Charlevoix, Mich., and every year from July 15 to September 1, Boy City is conducted by boy citizens under his watchful eye, aided by a manager and assistant manager. The motto of Boy City is: "We play the game square." As soon as a cheat is discovered he is deprived of his citizenship.

William N. Selig, of the Selig Co., heard of Boy City, and the subject had such an interest for him that he got into communication with Judge Brown on the matter of producing a picture that would show the boys in the rounds of their daily activities.

The first scene shows Boy City as they approach it by water, followed by scenes of the Boy Council. Next is seen Boy City asleep. It is a tented city, and as it is rising, time, the bugler makes his rounds awakening the sleepers. Breakfast and dinner time is shown and an election for mayor of Boy City and finally the pictures take all to a circus in which the performers are all citizens of Boy City, and the picture closes with a view of the Boy City band.

Boy City will be at the Globe theater all next week, beginning Monday matinee.

YOUNG CROOKS STEAL GROCERIES

Police Recover Sack of Sugar Stolen from Twenty-Fifth Street Store.

A sack of sugar, weighing one hundred pounds, and a fifty-pound can of lard were stolen from the Edgely Jones grocery store, near the corner of Hudson avenue and Twenty-fifth street early last evening. Later in the evening Detectives Pender, Chambers and Pincock discovered the goods hidden in the alley not a great distance from the store.

The sugar and lard were out on the sidewalk in front of the store, and it is supposed that they were taken by boys. At a late hour last night the officers had been unable to secure a clue to the identity of the young crooks.

WEBER ACADEMY DEFEATS B. Y. C.

Interesting Game of Basketball Goes to Locals by a Score of 35 to 26.

Logan Team Was Unable to Get Past the Strong Guard of the Ogden Boys.

If their performance against the Logan team last evening was a fair sample of the goods which can be delivered by the basket ball five of the Weber academy, the team certainly looks all to the good in the matter of grabbing the pennant in the college league. The game went to the local team by a score of 35 to 26.

It was a practice game between the Brigham Young and Weber teams in preparation for the real series, which opens shortly after the first of the year, and in which other teams will take part. The games will be the means of producing a lot of good-natured rivalry among the several schools and colleges.

While the Weber boys had the advantage of playing on their own floor, it was very evident that they would have had an advantage on any floor. This was their superior team work and an individual knowledge of the finer points of the game. The fact that it was a practice game only probably accounts for the high score which the Logan team was allowed to run up.

Realizing that they were in danger of defeat the visitors put forth a determined effort to turn the tide of battle, resulting in a number of points for the Weber team. The line-up of the teams was as follows:

Webster Academy. B. Y. College.
Ingles. Hill. Hendricks.
Call. Peterson.
Watson. Van Orden.
Roberts. Watkins.

The game was witnessed by several hundred spectators and the Weber academy five was given an abundance of vocal encouragement from the college students on the sidelines.

These lectures will be given by Mr. Blair throughout Utah, Nevada, Idaho and Wyoming.

THE ORPHEUM'S NEW BILL FOR THIS WEEK

The new bill which will open at the Orpheum tonight has all the promise of being a pleasing program, chuck full of good things which everybody likes around Christmas time. The acts are all new, the comedy light and refreshing and the musical numbers are all above par.

Ida O'Day, the attractive and gifted actress, who was the dramatic feature of last season's Orpheum road show, in "A Bit of Old Chelsea," is returning with another fine character study, called "Cinders," by Lily Tinsley, in which she is supported by H. S. Northrup. Miss O'Day, who is a noted beauty, appears to select sympathetic little types, as the main part of her newest offering is that of the daughter of a laundress, who is a sweet, fascinating young wif.

Frank Morrell, who is now called "The California Boy," will be an enjoyable feature of next week's program. In New York he has won fame as a tenor and was formerly a leading feature of the best singing four in vaudeville, called "The Quartette." After he left it, he was featured as a soloist with George Evans-Cohan, Harris Honey Boy Minstrels. His success was so great that at the end of last season he was persuaded to return to vaudeville and appear in a single act, called "The Singing Minstrel."

Spissell Bros and Company will introduce to the Orpheum audiences next week their novel and original production, "The Continental." The idea of which was conceived by Frank Spissell in Europe seven years ago and was suggested by the antics of a waiter in a Bohemian restaurant in Vienna. The waiter was a novice of the Handy Andy order and his finish came with his first evening for by closing time it was discovered that the property he had destroyed exceeded in value the receipts of the cafe. Frank Spissell, who plays the waiter, is a perfect imitation of the Continental brand and the setting is European to the small est detail.

Cliff-Dean & Co. will be seen in a pleasing little playlet, entitled "A Chance for Three."

The Misses Misch, Arma Senkrah and Margaret E., are two distinguished and talented pianists, violinists and vocalists, who were formerly featured with Chevalier Emanuel's Symphony orchestra and the famous Thomas orchestra in Chicago. Miss Arma, the violinist, is really remarkable for one so young as she. Her technique is admirable and her bowing is graceful. Miss Margaret, the pianist and vocalist of the duo, is equally as brilliant as she features such splendid numbers as Chopin's concertos for piano in E minor, and selections by Ed. Greig and W. Niels Gade, which are difficult and exquisite.

Paul Florus is a musician to whom authorities have applied the title virtuoso to, in connection with the xylophone. His phrasing and playing of this much abused instrument is said to be musically, skillful and remarkably appealing.

New pictures from the Kinodrome and a good orchestral program from the Orpheum orchestra will complete the program.

ALLEGES BOYS DESTROY TREES

B. Malan Charges a Dozen Youngsters With Cutting Down Pine Trees.

Will Probably Face Charges of Trespassing Before the Juvenile Judge.

Their rosy vision of a brilliantly lighted Christmas tree, all bedecked with Yuletide trimmings and presents, resulted in a considerable trouble for more than a dozen youngsters yesterday, when they were arrested for trespassing and cutting pine trees on the property of B. Malan.

The boys were arrested in Taylor canyon and at different points between Harrison avenue and the point where the mountain side known as Malan's resort. It is alleged by the owner of the property that the boys were destroying many trees which he had set out for the purpose of beautifying the spot.

All of the arrests were made by Deputy Sheriff J. J. Murphy and the list he turned in at the sheriff's office was as follows:

Roven Burapp, 2544 Van Buren avenue; Hayden Manning, 2745 Williams avenue; James Berry, 979 Twenty-fifth street; T. Barben and brother, 945 Bimford avenue; Orden Bodden, 622 Twenty-seventh street; Walter Irvin, 622 Twenty-seventh street; M. Boyle, 2782 Adams avenue; L. Madison, 613 Twenty-eighth street; Thomas Poorman, 2615 Lafayette avenue; Willie Landers, 2615 Lafayette avenue; Verna Landers, 2615 Lafayette avenue; Dave Turner, Louis Lawell, 764 Twenty-first street.

The last four named had not cut trees, but they were trespassing on Mr. Malan's property and became very disrespectful to the officer. The boys were released after being taken to the sheriff's office, and their cases will probably be reported to the juvenile court.

BURGLAR HAS A NARROW ESCAPE

While Sixteen-Year-Old Boy is Getting the Shotgun the Crook Gets Away.

Two Full Charges of Buckshot Penetrate Walls of Room from Which Robber Flees.

As burglar-catcher 16-year-old John Sparks, of 2761 Pacific avenue, did not prove an eminent success, but there are two gunshot holes in the wall of the pantry to show that he made a valiant effort.

Shortly after 10 o'clock last night the family was aroused by noises in the pantry. The head of the household, Arthur Sparks, was not at home, and it developed upon the 16-year-old son to investigate the matter.

Placing a lighted lamp on a table in an adjoining room the boy secured a double-barreled shotgun and presented himself at the door of the pantry. He was rudely shocked to find a man in the small room, but was not long in retreating when the burglar gruffly informed him that some shooting was liable to take place if he attempted to start anything.

Young Sparks decided to take a hand in the shooting business, but discovered that the shotgun contained no shells. He hastened into another room to get the necessary shells, but in the meantime the burglar walked out of the pantry, blew out the light, and walked out of the house.

Believing that the burglar was still in the pantry the boy returned and, pointing the gun into the small room, discharged both barrels. He was somewhat surprised when the reports were not followed by the dull thud of his victim falling to the floor. An investigation disclosed the fact that the volley had penetrated only the wall of the room. As the room was less than four feet in width an inquest would probably have been in order had the burglar not made his timely escape.

The police were called, but Sparks could give the officers only a meager description of the man, and there is little chance of his being apprehended. So far as known nothing was stolen from the house.

When you have a cold get a bottle of Chamberlain's Cough Remedy. It will soon fix you up all right and will ward off any tendency toward pneumonia. This remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. Sold by all dealers.
